Light and Circadian Rhythms in an Older Adult Congregate Living Facility

Greg Clare, Ph.D.
Dept. of Design, Housing, & Merchandizing, OSU

Friday, Feb. 20th, 12:15-1:15
North Hall 226, OSU-Tulsa
Simulcast to ITLE 105, OSU-Stillwater
Light lunch provided at both sites

At the conclusion of this seminar participants will be able to:
1. Understand the importance of restful sleep to good job performance and stress management.
2. Learn about tools to help families monitor & reduce sleep disruptions.
3. Create a plan to improve your family's sleep environments in harmony with circadian rhythms.
